

HOW TO REGISTER -- STUDENTS.

First, why register? Many of SciLinks utilities depend on a link between teacher and student. The only way to facilitate that is if both parties -- teacher and student -- are registered. It only takes a moment, and it's free. And SciLinks requests minimal information from students, first and last name and zip, so it is easy.

1. Click on "Register" in in the cranberry toolbar.
2. Then click on "Student"

Registration

Registration with SciLinks is optional. However, registering provides many additional user benefits. Teachers may add students using their class roster once they have registered and logged in. For details, click on "Why Register?" in the Quick Links.

3. In this page, enter your first and last names, and select a "Retrieve account question," supplying an answer. This will enable us to reveal your password to you down the road should you forget. You will also create a user name and password on this page.

If you find your username is *already in use*, try a variation. Add your last name, a pet, or some number meaningful to you.

4. Next, link your account to your teacher's.

Student Registration - Pick Teacher

Successfully Registered

Congratulations! You have successfully registered, and you are now logged into Scilinks. You may enter by clicking the link below. **However we ask you to take a moment to link your account to your teacher's account.** This will allow you and your teacher to pass information back and forth within SciLinks more easily.

- [Enter Scilinks without picking School](#)

Find Existing School

Please provide us the City and State of your current School and we will display School Names in Scilinks. If you see your School in the list, please select it. From there you will be able to pick your Teacher from that School.

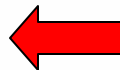

* City

Arlington

* State

VA

Find School

Enter a city and state to find your teacher's school. Chances are, it's already in the database.

Clicking on "Select" next to a school will then reveal any teachers associated with that school. Click again on "Select" to associate you to your teacher's account in the database.

The last screen should shout “Congratulations!” But watch out for Mr. McGregor.
